More About Us:

By now, you've probably realized that we love to have a good time (and we do!), but the MBAA is about a LOT more than that! The Evening MBAA's goals is to "make every moment count to maximize the Foster experience." What that means is providing opportunities for you to create your custom Foster experience! Becoming a member will enable you to not only participate in the highlighted events,, but also:

Challenge for Charity (C4C) is a non-profit 501(c)(3) organization that draws on the talents, energy, and resources of MBA students from 9 West Coast business schools to support Special Olympics, Boys and Girls Clubs, and other family-related local charities. The purpose of the organization is to develop business leaders with a lifelong commitment to community involvement and social responsibility. Each school competes by fundraising, volunteering and participating in a weekend-long sports weekend to see who will capture the coveted Golden Briefcase!

Clubs

Participating in a club is a great way to expand your network, develop your leadership skills, and explore new professional and social opportunities through Foster! There are over 20 clubs to choose from, so there's sure to be something for everyone! Experiences can range from visiting the Google headquarters with the Tech Club, to a brewery tour with the Foster Foodies, to helping organize UW football tailgates with the MBA Huddle. You must be an MBAA member to join a club.

Networking and Social Events

Your MBAA Board works hard to organize diverse networking opportunities and social events throughout the year! We partner with clubs, faculty, community leaders and UW resources to bring you great ways to expand your personal and professional networks! In addition to the Fall events and other social, professional and academic events throughout the year,, we host two semi-formal parties: the Frosters, our winter ball, and the Fosters, our end of the year and awards celebration. You can participate in most events even if you aren't a member, but membership is a MUCH better deal:
